GENERAL TERMS AND CONDITIONS OF SALE

Article 1 - Purpose

These general terms and conditions of sale apply to all services provided by GREDECO. Any order implies unreserved acceptance by the buyer and full adherence to these general terms and conditions of sale, which prevail over any other document from the buyer.

Article 2 - Prices

Service prices are those in effect on the day the order is placed. They are quoted in euros and calculated excluding taxes. Consequently, they will be increased by the applicable VAT rate and transport costs on the day of the order. GREDECO reserves the right to modify its prices at any time. However, it undertakes to invoice ordered goods at the prices indicated when the order is registered.

Article 3 - Early Payment Discount

No discount will be granted in case of early payment.

Article 4 - Payment Terms

Payment terms for the total quote amount are as follows:

Deposit: A deposit of 50% of the total quote amount will be due upon signing the quote, payable within two weeks.

Balance: The remaining balance, i.e., 50% of the total amount, will be paid within 30 days from the date of issuance of the final study report.

Payment Methods: Payments can be made:
* By check
* By bank transfer

Article 5 - Late Payment

In case of total or partial non-payment of delivered goods on the day of receipt, the buyer must pay GREDECO a late payment penalty equal to three times the legal interest rate. The legal interest rate applied is that in effect on the day of delivery of the goods. This penalty is calculated on the VAT-inclusive amount of the outstanding sum and runs from the price due date without any prior formal notice being necessary.

Article 6 - Termination Clause

If within fifteen days following the implementation of the "Late Payment" clause, the buyer has not paid the outstanding sums, the sale will be automatically terminated and may give rise to the allocation of damages in favor of GREDECO.

Article 7 - Retention of Title Clause

GREDECO retains ownership of the sold goods until full payment of the price, in principal and accessories. As such, if the buyer is subject to reorganization or liquidation proceedings, GREDECO reserves the right to reclaim, within the framework of collective proceedings, sold goods that remain unpaid.

Article 8 - Territorial Jurisdiction Clause

Any dispute relating to the interpretation and execution of these general terms and conditions of sale is subject to French law. In the absence of an amicable resolution, the dispute will be brought before the Paris Commercial Court.

Article 9 - Force Majeure

GREDECO's liability cannot be invoked if the non-performance or delay in the performance of one of its obligations results from a case of force majeure. For this purpose, force majeure means any external, unforeseeable, and irresistible event within the meaning of Article 1148 of the Civil Code.

Article 10 - Customer Acceptance

These general terms and conditions of sale constitute the basis of commercial negotiation and are systematically sent or given to each buyer to enable them to place an order. Any order placed constitutes unreserved acceptance by the buyer of these general terms and conditions of sale.
